

In continued support of our professional training and development, Cambridge College Global (CCG) is pleased to offer Medical Law & Ethics (HCA210W), an 8-week online undergraduate course, at a discounted rate of \$500. Students who successfully complete the course will receive a Certificate of Completion. Those who subsequently enroll in a CCG undergraduate degree program will also be awarded three credits toward the completion of the degree.

Course Description

This course introduces legislation affecting healthcare, along with a review of issues such as professional liability, informed consent, privacy and security laws, and electronic health records. Additionally, a variety of ethical issues in healthcare are explored.

Course Outcomes

At the completion of this course, students should be able to:

- Define both legal and ethical terms as used in healthcare.
- Recognize the functions and distribution of responsibility between the federal, state, and local governments pertinent to healthcare.
- Identify the specific laws pertinent to healthcare professionals and facilities.
- Examine the implications of violating the various healthcare laws.
- Define fundamental healthcare ethical principles as they apply to all providers of care and services.

Course Start Dates: October 31, 2022 & March 6, 2023 *

* The availability of the discounted course offer is contingent upon sufficient enrollment to establish a minimum cohort. Current CCG students are not eligible. CCG reserves the right to cancel the discounted course offer at any time. There is no required textbook. All readings are provided within the course.
